It is the responsibility of the Atmos Energy customer to ensure that the program requirements are met. If program requirements are not met, no rebate will be paid.

Backup Generator Rebate Application

Qualifications

The qualifying equipment must be installed in a Mississippi home/facility served with natural gas from Atmos Energy and must meet the following requirements.

Residential or Commercial Generator	\$100 per KW	
Municipal/Government (non-critical services)	\$150 per KW	
Municipal/Government (critical services)	\$200 per KW	

Contractors/Installers are not eligible to receive customer rebate. Equipment installed under warranty replacement does not qualify for the rebate.

Application Requirements

Application must be completely filled out with purchaser information, equipment information (including brand, complete model number, serial number, installation date, generator size, and installer information). Atmos Energy is unable to accept applications that do not include all this information and/or were not pre-approved prior to the application process. A copy of the dated invoice or sales receipt must accompany completed rebate application and must include the following information: brand and complete model number. It is the responsibility of the Atmos Energy customer to ensure that the installed equipment qualifies for the rebate. If it does not qualify, no rebate will be paid. Atmos Energy reserves the right to inspect the installed equipment.

The rebate application form must be submitted within 90 days of the purchase date. To avoid delays in rebate processing, please submit your completed paperwork as soon as equipment installation is complete. Rebates are awarded on a first-come, first-served basis until funds are depleted. Please check the program website for updates. Rebate qualifications and amounts are subject to change.

Rebate Details

Atmos Energy issues cash rebates in the form of checks, not utility bill credits. Atmos Energy is not responsible if the installer does not provide accurate information about the amount of rebate or equipment eligibility. Rebate checks will be mailed within 4-8 weeks and are paid on a first-come first-served basis while funds available.

Application Checklist

- Dated sales invoice
- Atmos Energy customer signature
- Contractor or installer signature
- Atmos Energy account number
