TRAINING AT YOUR EXHIBIT BOOTH
Registration Form
Wednesday – October 25, 2023

We had training in the exhibit hall in the past at this event. It proved to be very successful for the exhibitors that participated. So, we would like to offer it again.

The classes can be lectures or hands on, the choice is yours. The class will need to be a training/educational lecture and not a sales pitch in order for the attendees to receive continuing education credits for this time.

This year the water and wastewater classes will be visiting the exhibit hall at different times. So please check on this form the time slots in which you would like to participate.

Example, if you sign up to participate in this type training, you will have the full attention of 10-15 attendees at your booth for each 50-minute class. There will be 10 – 15 chairs placed in front of your booth. You will instruct 50-minute classes for the time slots that you have chosen.
